

Extended terms of use for users from the University Leipzig

For users from the University Leipzig, §1 (1) of the terms of use of OPAL does not apply, because no contractual base exists for the provision and use of the learning platform OPAL between the University Leipzig and the BPS Bildungsportal Sachsen GmbH. Therefore the processing of data on the learning platform by the BPS GmbH is not done on behalf of the University Leipzig. Instead of §1 (1) of the terms of use, the following rules apply. All other parts of the terms of use of OPAL remain unaffected.

1. With her/his first registration in OPAL, the user allows the operator of OPAL (the BPS Bildungsportal Sachsen GmbH) to process her/his personal data within the learning platform OPAL. The purpose of this data processing is the provision of a personal teaching-, learning-, or project work environment.
2. The duration of her/his membership is controlled by the user. If the user does not want to use OPAL anymore, a deletion request for the account can be given to the operator. For this case, the user can contact the operator using the contact details given in the terms of use.
3. The user hereby takes notice, that she/he is only allowed to use the learning platform for studying-, learning- and teaching purposes, as well as for the support of university projects.
